

Transfer learning

1. Data augmentation - go to [Data augmentation | TensorFlow Core](#) and read/run.
 - What is data augmentation?
 - How can it be applied?
 - Why?
2. Transfer learning – go to [Transfer learning and fine-tuning | TensorFlow Core](#) and read/run.
 - How can the transfer be done? – feature extraction & finetuning
 - Why should you freeze/unfreeze layers?
 - Learning rate
